Committee Acts To Inform Tahoe Voters Of Bonds

KINGS BEACH — Renewed efforts to interest voters in the North Lake Tahoe area of the importance of passing the forthcoming bond issues at the election on December 6 were taken at a meeting of the North Tahoe Sewer and Water Bond Committee at the Kings Beach fire house Monday night.

The election will be similar to those which were passed this year by the Tahoe City Public Utility District and the Truckee Sanitary District to provide state and federal assistance in the proposed sewer plan to serve the district.

The meeting Monday was presided over by Curtis Hart, chairman of the bond committee and was attended by members Mrs. Alta Elder, Mrs. Harold Smiley, Mrs. Louise Walters, Elston Garrow, Robert Molsberry and Buzz Bradley.

Also attending were Red Waddell and Robert Daneri of the North Tahoe Public Utility District and William Layton, manager of the Tahoe City Public Utility District.

The committee will send out mimeographed copies of questions and answers in an effort to convince the voters of the importance of passing the two issues, the sewer bonds in the amount of $1,900,000 and the water bonds for $510,000. Questions pertaining to the bonds will also be answered by any member of the committee.

Hart pointed out that passage of the issue would mean a federal grant, state financial assistance, lowest possible interest rates and millions to be spent in the area through state and federal funds. More important, perhaps, is the necessity for keeping Lake Tahoe pure and the surrounding area beautiful.

Fibreboard To Air Plans For Land At December 9 Meet

At a meeting of the Placer County Planning Commission scheduled for December 9 in the California Alumni Building at Tahoe City, Fibreboard Corporation will present plans for the use of 27,000 acres of land in the area which has been the subject of considerable controversy.

Paul Shively, timber manager for the corporation in the local district, said that Wilsey and Hamm, widely known as land planners, has been employed by his company to draw up and present the plans.

While no definite announcement has been made, it is understood that one of the plans being proposed by Fibreboard will be the development of a winter sports area in the northwest section of Mt. Pluto. Other plans are being developed for other sections of the 27,000 acres.

Placer County officials have recommended that 13,000 acres of the land owned by Fibreboard be retained as a "scenic backdrop" for Lake Tahoe.

Steps Are Taken To Provide Public Beach For Tahoe

AUBURN — The Placer County Board of Supervisors has started what could be a land trade to assure the public access to a lake front area at Kings Beach. The board began abandonment procedures for the seldom used Brockway Vista Avenue, which dissects property owned by the King Estate.

For relinquishing county rights to the unimproved road, ,a representative of the estate said a parcel valued at $60,000 fronting on the beach will be turned over to the county.

Justin F. Barber, county planner, proposed the trade, pointing out it will give the county a public beach.

A spokesman for the estate said there is a problem of obtaining a clear title to the property because of the road. He said there is a potential buyer of the estate, who plans to spend $1 million to $1.5 million to develop it.

Company Moves To Stop Building Of Donner Ramp

Through their Reno attorneys, the Donner Lake Development Company has taken steps to block construction of a proposed boat ramp at the west end of Donner Lake, planned by the Truckee-Donner Recreation and Park District and supported by the California Small Crafts & Harbors Commission with a promised grant of $50,000.

The attorneys, Barry and Hall, in a letter to concerned agencies, said in part:

"Rather than seeking an injunction at the time construction of the proposed ramp commences, our client has requested that we advise all concerned agencies of a determined and continuing objection to such proposal.

"(1) The waters of Donner Lake do not belong to the public.

"(2) The bed of Donner Lake does not belong to the public. It belongs to our client, and cannot be used without its consent.

"(3) Donner Lake has never been declared navigable by statute, nor is it navigable in fact. It is not indicated as such in the Harbors & Navigation Code. There is no decision giving it such classification."

The letter goes on to point out legal decisions, recommendations and opinions, regarding the lake which tend to show the protesting company has legal rights to block the construction of the ramp.

The letter declares that "Even assuming that the Freeway Agreement by the State of California to the County of Nevada, dated October 17, 1956, wherein the maintenance of the old alignment of U.S. 40 was assumed by Nevada County, is valid and could be set aside under appropriate legal action, wherein lies the authority of the County of Nevada to relinquish its limited rights to a Recreational District for something other than highway purposes? Said agreement gives Nevada County the obligation to " . . . hold any such relinquished road inviolate for public highway purposes. . . "

In concluding the letter says "Under the existing circumstances, we can see no legal basis for your proceeding with your plans. In fact, our research indicates that you and the county are and would be forbidden from proceeding with the proposed facility."

Dr. H. P. Tapia, superintendent of the district, said he was submitting a copy of the letter to County Counsel Leo Todd for a decision.

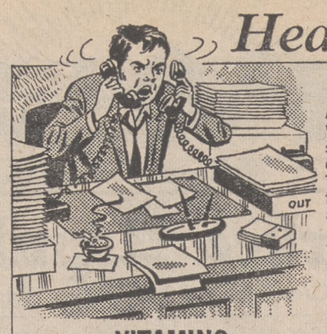
Health Hints



ULCERS

ARE YOU ALWAYS RUSHED? Worried? Under a lot of pressure? Then you're a likely candidate for stomach ulcer. To help avoid them, get sufficient sleep . . . eat slowly and select food judiciously. If you have problems, talk them over with someone instead of bottling them up inside. Above all, be good to yourself. Learn to relax . . . and be sure to take an annual vacation.

VITAMINS

WILL AN EXTRA intake of vitamins protect you from the common cold this fall? Generally speaking, the answer is no. While vitamins are essential to good nutrition, they play very little part in increasing resistance to colds. If you eat sensibly and enjoy good health, vitamin supplements are seldom necessary during any season of the year.

NOSEBLEEDS

HOW DO YOU STOP nosebleed? First, have the victim sit up. Then apply cold, wet towels over the face, nose, back of the head and neck. Keep the patient quiet. If bleeding is severe or prolonged, call a physician. If nosebleeds occur at frequent intervals, they may be symptoms of serious illness and therefore require professional investigation. K

LAKE ECHOES

BY BETHEL

The Incline Village Presbyterian Church was the setting for the November 12th wedding of Mary Marcy McIntyre and Randolph Schultz in a two o'clock ceremony by the Rev. David Hildebrande. The bride was given in marriage by her father, Commander Paul Dickens.

For her wedding the bride wore an aqua suit with matching veil and accessories and carried a bride's bouquet of white gardenias. Her maid of honor was Margie Marshall who was gowned in navy blue and white and complemented by a white mantilla, with a bouquet of white carnations.

A white and blue knit suit with navy accessories and a blue feather toque was chosen by the bride's mother, Mrs. Paul Dickins. The groom's mother, Mrs. Fred Schultz, chose nude lace over green with beige fox trim on the sleeves for her costume which was accented by gold.

Best man was Ross Price of Incline Village and usher was H. K. Welty of Sepulveda.

A reception at the Chataux featured the music of Lenny Herman, with champagne and hors de oeuvres, arranged by Jim and Judy Ebert.

After a short honeymoon the couple will make their residence in Kings Beach

Out of town guests were Alysmae Schultz' sisters, Genevieve Nowlin of Santa Barbara, Mary Ellen Hudspeth of Phoenix, and Zilpha Nowlin of Van Nuys. Other guests were Pauline Brown of Pasadena, Mr. and Mrs H K Welty of Sepulveda, Mr. and Mrs. Kenneth Barber of Sacramento, the groom's cousin, and Mr. and Mrs. Robert Pitman of Simi, the groom's cousins, Mr. and Mrs. Fred Del Davis of Sacramento, former neighbors and residents of Kings Beach, Mr. and Mrs. Euclid Cardellini and Mr. and Mrs. Wayne Cardellini of Daly City, Mr. and Mrs. Ray Whitney of Malibu.

Mary's brother, Robert and Randy's brother, Freddie and wife Diana, were unable to attend as all are in the Far East, both men being in service in Viet Nam.

Among localites attending the wedding were Messrs. and Mesdames Harvey Price, Ben Ferrari, Harry McIntire, Earl Gray, Sam Faulkner, Art Wood, L. J. Robinson, Harold Tiller, James McCourry, James Warrington, Jack Farris, Rod Campbell, Maurice Lahmeyer, Bob Jenkins and Pat Tidey and Shirley Benelli.

Fred and Alysmae Schultz and guests, Commander and Mrs. Paul Dickins, James and Dorothy Warrington, Ross Price, the H. K. Welty, enjoyed dinner at the Christmas Tree that evening.

Pieter Van Tassel was confined to home with tonsilitis thereby cancelling plans of mother, Bethel, to attend the McIntyre Schultz wedding with him. A hospital vacation is planned for Pieter as soon as the doctor pronuonces him in the proper physical condition.

Fire Sirens met at the home of Ruth May at Incline Village Thursday night, with Carolyn Johannes, presiding. Among those present were Hildegard Willmann, Jacquie Black, Ella Dolley, Madelyn Scott, Paula Gurney, Audrey Taylor and the hostess.

The Fire Sirens have been asked to assist as hostesses at the opening of the new fire station at Incline, date to be anounced. The bake sale, November 17th, was highly contributed to and most successful.

The group will give prizes again this year for Christmas decorations — home, door and window will be the three categories to be judged and awarded.

The December 8th meeting will be held at the Incline Beach home of Jacquie Black.

PREPARATION

Preparation is important. The track star trains. The boxer spars. The house builder works from plans.

Few homeowners will tell you they have all the time they need to take care of the many things that must be done to keep the average home in apple-pie order.

Some homeowners work out a "schedule." Others just try to "keep busy."

We don't have any tips on housekeeping. But we do have a pretty good idea where shopping is concerned. It's fairly simple. Before your next shopping trip spend a little time reading your newspaper.

Think about the items you need. Look for them in display and classified ads placed in this newspaper by local merchants. Look for the items you need — and you may find other items you can use, at money-saving prices.

When you're ready, shop locally. You'll save time and money here, too.

With friends like Bob Watson who needs enemies?

Bob's one of the best drivers you'll ever meet. He's never had an accident—never even had a parking ticket. But even the best drivers make mistakes once in a while. And when they do, you've got to be ready for it—by driving defensively.

When you're passing another car, defend yourself by letting the guy ahead know you're about to pass. Use your horn or lights. And make sure no one's trying to pass *you* at the same time!

Avoid trouble by anticipating it and you won't end up on the receiving end of some other guy's goof. Not even if he's your best friend!

Watch out for the other guy!

THE GOLDEN YEARS

YOUR HEALTH IN RETIREMENT: SEE A MEDIC, THEN FORGET IT

You who are of retirement age are prone to worry about your health.

Usually in the afternoon, because in the morning you have to worry about money.

It's a good idea to worry about your health. You don't have as much of it after you pass age 60. And it's natural. But there's a medical man around, who won't let his name be used, but who thinks you should cut your worrying down. Say, to the 10th and 25th of every month.

According to this man, you should choose a permanent doctor around retirement age, if you don't have one. And you should do the following:

1. Have a "conversation session" with the doctor, telling him your medical history, what physical and mental exertions you had on the job and what exertions you plan for retirement, and what smoking, drinking, and eating habits you have.

2. Have the doctor give you a complete medical examination, in order to correct what ails you now but of equal importance to get into his files a full report on how your heart, liver, etc. are behaving so he can tell later on if they're acting up. (This is the great value of choosing one doctor and sticking with him — he will have a file on you.)

3. Ask the doctor whether he'll drag his feet when and if it comes to certifying you for Medicare.

4. Ask him how often you should come in for periodic checkups. Then determine to do what he says.

5. Tell him — the full truth now — just how much you have been spending per month for what kind of vitamin pills, and for bottles of Uncle Jack's Liver Tonic, and for Super-Miracle Youth Yoghurt. After age 50 or so many people start using all sorts of patent medicines as a crutch . . . and simply don't need them.

6. Choose a drugstore, and stick with it. So it'll deliver your medicine when it's raining.

7. Stop thinking sick, which many retired people do out of frustration with idleness or in a bid to get attention. Enough of this and somebody will have you lying on a psychiatrist's couch.

8. Now get the whole thing off your mind. Most retired people never have a disastrous illness that kills them before their time.

For the GOLDEN YEARS 36-page booklet, send 50c in coin (no stamps), to Dept. CSPS, Box 1672, Grand Central Station, New York, N. Y. 10017.

DONNER DOINGS

By Mrs. Carson "Vi" White

It's been a quiet week around here, the hunters have left, Sunday having been the last of the alloted time for shooting deer, now the skiers are expected to invade the area for Thanksgiving week.

Several ski resorts plan to open this weekend providing there is some new snow.

Squaw Valley will be holding the 17th annual Turkey Race November 27, so skiers and racers are anxious to get their legs in shape earlier.

* * *

There will be a lot of well outfitted skiers this season judging from the crowds and sales made during the ski swaps held last weekend. The Tahoe Community Nursery School swap was a tremendous success over at Alpine Meadows lodge Saturday and Sunday.

The Vorlage Ski Club swap in Sacramento had a line seven blocks long for their opening, and the Alpineer Ski Club in San Francisco had record crowds.

* * *

The Donner Lake Fire Department Auxiliary will be meeting at the Alpine Riverside Hotel tonight. All interested women are asked to attend. No complaints about how steaks will be cooked, as the gals will be barbecuing their own at the indoor grill.

President Gil Gilson will conduct the meeting after dinner.

* * *

The Fourth Annual California Ski and Winter Sports Show is being held today through Sunday at the San Francisco Masonic Auditorium at California and Taylor Streets.

Ski races will be held on the indoor ramp with top medal winners competing for the Prestone Cup and cash prizes. Toni Sailor, Stein Eriksen, Pepi Stiegler, Anderl Molterer, Adrien Duvillard, Art Furrer and Ernie McCulloch will be worth watching.

An Alpine brass band will be playing every afternoon and twice during the evening with Phil Gerard's California Ski Ballet performing.

Other attractions will be ski films, ski fashions, Swiss fondue, equipment and ski area display booths.

* * *

The Sierra Tinker Belles planted oodles of spring bulbs at the Tahoe Forest Hospital last week. Top grade tulips, daffodils and narcissus bulbs were graciously donated by Ray Hintz. We'll be looking forward to their blooming next year.

You know, it just occurred to me that somebody else might have my problem with rubber gloves, only in reverse. I seem to poke a hole in the left one all the time and need to buy another pair. One company that makes good ones gives an extra right hand, so my drawer gets cluttered with too many right hand gloves. Anyone have too many lefts? Someone sugegsted to turn them inside out but the way some are made ,it just isn't practical.

* * *

The new Truckee VFW Post looks like a live-wire group and are urging business people to display the colors on all holidays. Those who donate $10 or over to the organization will receive a large flag.

Under stand that someone dumped a couple of cans of garbage on the pipe line road over in the Weeks Tract, golly how can anyone be so rude. Here most of us are trying to keep things clean and tidy, afterall it doesn't cost much to have the disposal company help out with an extra load sometime. Besidese, it's a health hazard.

More and more people are living up here during the winter too and certainly they don't want to contend with other people carelessness.

Let's make doubly sure that creeks and drainage ditches are clear too.

The Chamber of Commerce was going to box in those cans at the ramp area near the west end, wonder what happened.

A new shipment of "Ordeal by Hunger" has been received at the Gateway Bottle Shop. The paperback book is a story of the Donner Party written by George Stewart and should make a wonderful present of each family for Christmas. Everyone should know of the terrible hardship those people experienced.

"The Mothers" is a newer book by Vardis Fisher who writes another epic of American courage, also of the Donner Party journey.

Students of the Junior English class have been studying the history of our area under the leadership of Mrs. Allen. It is rewarding to know that an interest is being taken in the historic past.

MAN'S WORLD . . . There are no women in this photo, taken in a typical cafe in Greece, where a woman's place is in the home. In Southern Europe and the Middle East, traditional taboos keep women at home and make them ineligible for certain professions. Informed sources say, however, that a woman's revolt is coming in the futures.

2 Exciting Combos Featured at Lodge

CRYSTAL BAY — Exotic rhythms star all the way at North Lake Tahoe's Nevada Lodge this week, as two exciting combos entertain happy crowds in the spectacular Topaz Room.

Two colorful groups share the Nevada Lodge spotlight: the Senators, a five-man Jamaican Calypso group; and the Naida and Nano Trio, brilliant Hawaiian performers. Both groups opened last week and will appear through December 5.

The Senators are at Nevada Lodge for a repeat of their smash stint last May. The five Jamaicans are led by Al Moore, a renowned musical perfectionist who has given the Senators a sound unmatched in show business. Dramatically attired in vivid costumes, the Senators feature a finely tuned steel drum mastered by Eustace Thomas. Leader Al Moore says that the Senators are the only Calypso group that includes a steel drum artist as an integral part of the combination. The spectacular Limbo dance is a key part of the group's program.

From the Caribbean, Nevada Lodge audiences are transported to Hawaii, by the magic of the Naida and Nano Trio — three Hawaiians who breathe true Hawaiian flavor into both domestic and island songs. The trio features Mickey Lyman on the oft-scorned ukelele; he takes the modest instrument and brings forth sounds unmatched by anyone.

Petition was accepted by the Board and referred to the Screening Committee.

Mr. John Sorenson, Chairman of the Local Agency Formation Commission, appeared before the Board, regarding a Petition for the detachment of three parcels of property, located within the Nevada County Sanitation District No. 1.

The Board determined at this time, that after they adjourn as a Board of Supervisors, they will reconvene as the Board of Directors of the Sanitation District No. 1, to grant permission to the Local Agency Formation Commission to hold a hearing ,without giving notice of subject hearing.

Subject Ordinance was adopted by the Board.

The Planning Director appeared before the Board and rendered the report of the Planning Commission regarding subject matter.

After a lengthy discussion, the matter was referred back to the Planning Commission to be re-considered, due to the fact that the matter was not properly presented to the Planning Commission when the application was made.

The Board accepted the offer of dedication and instructed the Clerk to send Mr. Gordon a letter of appreciation.

A Mr. Jack Henderson appeared before the Board and reported that he received a Tax Bill increase of 600% on property located in the Chicago Park District, and stated that he did not receive notification of subject increase.

The point was brought out by the County Counsel that the notice had been mailed, but that the Hendersons had moved and not notified the Assessor's Office of their forwarding address.

The County Counsel explained to Mr. Henderson, that he may pay his taxes under protest, and when the Board meets as a Board of Equalization next July, he may appear and protest his assessment.

The Director of the Department of Public Works appeared before the Board and presented proposed Resolution 66-294 (A Resolution accepting real property — Armstrong Subdivision,) which was adopted by the Board.

Letter to the Editor

Dear Walter:

To tell you that I greatly prize the personal friendships and loyalties of my newspaper friends, is an understatement. Your support and influence have been most important to me. Unfortunately, there aren't enough adjectives in my vocabulary to adequately express my thanks.

Now that my re-election to the State Board of Equalization is assured, I am pleased that I do not have to live in constant dread of forgetting the promises I have made. The truth is that I have no promises or commitments to fulfill.

I will always strive to serve the people to the best of my ability and to administer the tax laws in a bi-partisan manner.

It should be a thrill to all of us to assist the Governor and his administration in resolving the many serious, urgent problems of our great state. Our efforts must be vigorous unremitting and in earnest.

Again, be assured your friendliness to me has been most heart warming.

Sincerely,
PAUL LEAKE

Point with their son, 16, and their daughter 14.

He attended San Jose State College and has been with the Bank of America for 19 years. He is active in the Rotary Club and has served as treasurer for the chamber for the past 1½ years.

Lindstrom's first vide president is Nolan Hyde, manager of the Squaw Valley Land and Livestock Company in Squaw Valley and a comparative newcomer to this area. He is, however, busily engaged in the activities of the Sierra Winter Stock Little Theater group.

Second vice president is Lyle Gunkel of Tahoe Vista. He is an "old-timer" in the area and actually generates the dog sled races each year in which his son, Gary, stars with his team of beautiful Irish setters. He has many and varied interests besides his favorite sport of bowling, and manages and owns the Cedar Glen Lodge, as well as the Firelite Lodge, both in Tahoe Vista.

New board member, H. J. Bradley, manager of the Wells Fargo Bank in Tahoe City, was chosen treasurer and W. G. Tamblyn, insurance and theater manager-owner, of Kings Beach was reelected again to serve as secretary.

Accolade was given to the past president for the last two years, Jack Domergue, for his faithful and outstanding service to the chamber and the community.

The next board of directors meeting is scheduled for November 30th at the River Ranch at which time John Greenagel, District Manager of our area for the U.S. Chamber of Commerce will address the board on their role as a director and the important function of committees within the chamber. Directors and their wives and interested members are invited to the luncheon meeting.

MAN FINED FOR USING GOVT. LAND AS DUMP

It is reported by Richard Austin, district ranger, Big Bend Ranger District, Tahoe National Forest, that Vaughn D. Grisham was found guilty and fined the sum of $50 for using a government administrative pasture for a junk and salvage yard. He was cited to the U.S. commissioner on August 28.

The fenced pasture Grisham was using is periodically used to pasture government horses which are used in range management activities, rehabilitation and maintenance work, and other back country activities.

MRS. WILEN NAMED ON TAHOE BOARD

KINGS BEACH — Mrs. Eileen Wilen of Kings Beach has been appointed by the board of directors of North Lake Tahoe Chamber of Commerce to fill the vacancy on the board made when Mrs. Velda Ferris of Incline Village resigned. The appointment was made at the meeting November 10 at Swiss Lakewood Lodge.

She has been active in chamber work and has helped her sister, Mrs. Dorothy Beck, with the training of contestants for the "Miss Sierra Snowflake" beauty contest sponsored each year by the chamber.

THIEVES LOOT HOME AS OWER AT POLLS

AGATE BAY — It was a costly election for Mrs. Josephine Seavers of Agate Bay.

FISH SPAWNING

Artificial spawning of kokanee salmon in Taylor Creek, Lake Tahoe, is being undertaken by State Fish and Game employees to increase the yield.

The fertilized eggs are transported to hatcheries in other parts of the state. Many of the fry will be returned to Lake Tahoe.

FIRE SEASON ENDS, SUPERVISOR SAYS

Supervisor Henry E. Branagh announced that the declared 1966 forest fire season is now closed on the Tahoe National Forest. Recent heavy rains have ended a record fire severity year. The 1966 season has been twice as potentially critical as the average year and 30 percent higher than in 1964, the former peak year. Fire weather severity is an index measuring the fire control job.

Smoking restrictions are discontinued and campfire permits are no longer required on national forest land. Next season a date will be set when permits are again required. Campfires on private land always require the permission of the owner.

Burning permits on private lands are still required until December 1. Debris burning permits are required yearlong on national forest lands. The recent 2 to 3 inch rain only wet ground litter a few inches deep. Permittee sare cautioned that fires may not be abandoned and that forest fuels will dry out unless more rain is received.

Motorists Warned On Snow Parking

Winter sports enthusiasts who plan trips into the mountains during the coming season should heed all parking regulations along main highways, warns the California State Automobile Association.

The usual fine for parking violations on public highways in the snow areas is $20 a day. Skiers who leave their cars in "No Parking" areas for two or three days may find themesives with a ticket for each day and resulting fines of $40 to $60.

The stiff penalties were put into effect in response to urgent requests from resort owners, the California Highway Patrol and state and county road maintenance departments. Full width of roadways must be kept clear so snow removal equipment can be operated properly and traffic can move in and out of the ski areas.

Parking problems have been most acute along Interstate 80 in the Donner Summit area and along the roads leading into the Squaw Valley and Alpine Meadows ski areas.

A recipe for brewing beer in George Washington's handwriting is preserved in the Library of Congress.

In 1869, a patent was issued to George Westinghouse for his invention of the air brake.
